

## School Travel to County High School, Upper Site, Beetons Way and County High School, Lower Site, Oliver Road from September 2023

### Eligibility to Suffolk County Council (SCC) funded school travel

Suffolk County Council (SCC) funded school travel is provided to the nearest suitable school that would have had a place available for your child when they meet the statutory walking distance criteria from their home address. This would be whether or not an application was made for a place at that school.

For on-time secondary school applications for the normal year of entry, eligibility for SCC funded school travel will be assessed using the availability of school places on the National Offer Day, 1 March each year, or the next working day.

For all other admissions applications (e.g. late and in-year) eligibility for SCC funded school travel will be assessed using the availability of school places on the date the admissions application is determined.

Eligibility for SCC funded school travel will not be reassessed unless there is change of school offered or change of child's home address.
